

Strathcona Gardens Restart Floorplan

COVID-19 – (Facility remains closed) Although there has been some recent lifting of restrictions for gym use, this does not apply to Strathcona Gardens. Using provincially approved guidelines for opening up public recreation facilities, staff are working diligently at developing a plan to restart some programming in a healthy and safe environment for participants and staff. Keep an eye on our website and social media channels for updates. If you're inquiring about a program or service refund or credit, please email info@strathconagardens.com.
